

SPANISH SCOUTING OPPORTUNITY

Exhibition Matches

Talented teams from around the world are invited to have friendly matches with professional Spanish clubs in order to test their ability and be seen as footballers. These clubs include Elche CF, Hercules CF, and Intercity CF who are affiliated with CL Futbol International, a company designed to provide aspiring footballers with opportunities to be seen by professional clubs.

Opponents

Elche CF- In the highest academy division in Spain
Hercules CF- In the highest academy division in Spain
Intercity CF- Second Division of academy football in Spain

Training

The team will receive private training sessions from UEFA Pro Coach Julio Bonmati and the Academy Director of Hercules CF Jose Palomino. Jose was the former captain of Hercules CF and played against players such as Xavi and Pep Guardiola while having the honour to have scored at Camp Nou (Barcelona CF Stadium) as well. This is a great opportunity for exposure not only in the matches but through these training sessions as well.

In Attendance

Francisco Fresno Llopis
Registered FIFA Agent
CEO of Fresno Sports Management (www.fresno-sports.com)
Master's Degree in Law, University of Alicante

→ Francisco will bring coaches and contacts from both the second and third division of Spain to watch the players. The players will also have a chance to meet Francisco and all the coaches in attendance as we will invite them to a group event.

Opportunities

- The players can be scouted by a club and directly deal with the club
- If the player is scouted and decide to join the academy of the club, the family can deal directly with the club and what is the best plan of action moving forward
- The player (if identified as a talent) will be provided information on our residency in Spain if they are interested in staying in Spain through our organization
(**NOTE:** This is not mandatory or a requirement for players to have a relationship with the club, only an option. We want to provide opportunities for players which is most important for us. If a player signs for a club, they do not have to stay in our residency if they were to sign.)

Duration

As negotiated between the team travelling and CL Futbol International.

Dates

As negotiated with both the team travelling and the club.

Cost

Cost is determined on the length of stay determined by the travelling team. With some clubs travelling from Europe and others travelling from as far as North America, there is a wide spectrum of days available.
